## Major/Minor Declaration

In order to meet the requirements for graduation, each student must complete a major, termed the *graduation major*, that meets the specified requirements of one of the established departmental majors, interdisciplinary majors, or a self-designed major. In addition, each student must complete a minor, the *graduation minor*, that meets the specified requirements of an established departmental minor, interdisciplinary minor, or self-designed minor in a subject area centered outside the division of the graduation major. **Courses may NOT be counted for both the graduation major and the graduation minor.** The division of the graduation major will be taken to be the division in which the largest number of credits for the major are taken. The graduation minor requires at least 20 semester hours of course work with a minimum grade point average of 2.0. The graduation minor must include at least 12 semester credit hours outside the division of the graduation major. A second major outside the division of the graduation major may be used to satisfy the graduation minor requirement.

If a second major is to be used to fulfill the graduation minor requirement, it must contain at least 20 semester credit hours distinct from those counted toward the graduation major, and at least 12 of these 20 semester hours must be from course work outside the division of the graduation major.

***Any changes to your anticipated graduation date must be made in writing to the Registrar's Office**.

This completed form must be returned to the Registrar's Office (Box 41 or second floor Bentley Hall) in order for your declaration to be processed.

### Declaration of Major/ Minor

ID#_____

Student Name: _____

*Anticipated Graduation Date: _____
(Sept/Jan/May)

Your Degree (BA or BS) will be determined by Your "Graduation Major".

Degree: BA or BS
